SKILLS

- **Languages**: C++, Java, JavaScript, HTML and CSS
- **Frameworks**: ReactJS, NodeJS, Tailwind CSS
- **Databases**: MySQL, MongoDB
- **Tools/Platforms**: Git, VS Code
- **Technical Skills**: Data Structures and Algorithms (DSA), Object Oriented Programming (OOP)
- **Soft Skills**: Continuous Learning, Consistency, Adaptability, Problem-Solving Skills, Team Player

PROJECTS

Sports Management System| GitHub Nov' 25 – Dec' 25

- Developed a full-stack Sports Management System using React, Node.js, Express, and MongoDB to manage tournaments, teams, matches, and player statistics.
- Implemented JWT-based authentication and role-based access control (Super Admin, Coach, Player) with secure restful APIs.
- Designed responsive dashboards and team management features with modern UI/UX and structured MVC architecture for scalability.

Tours & Travel Packages App| GitHub July' 25 – Aug' 25

- Created a React-based travel booking application with dynamic tour listing, API data fetching, card removal, and smooth UI interactions.
- Implemented state management, reusable components, and conditional rendering for improved user experience.
- Increased usability by enabling quick tour browsing and lightweight client-side interaction.

Training Center Management System| GitHub Apr' 25 – Jun' 25

- Developed a full-stack training management platform featuring course catalog, student enrollment, assignment uploads, and role-based dashboards.
- Integrated secure user authentication and streamlined course/assignment workflows for efficient training operations.
- Enhanced admin productivity by simplifying course management and reducing manual coordination efforts.

TRAINING

Data Analytics Essentials Summer Training | Lovely Professional University Jun' 25 – July' 25

- Performed data cleaning, preprocessing, and transformation to prepare datasets for accurate analysis and visualization.
- Conducted exploratory data analysis (EDA) on retail sales data to uncover trends, customer behavior patterns, and business insights.
- Designed and developed interactive dashboards to support data-driven decision making and improve insight communication.

CERTIFICATES

- ChatGPT Made Easy: AI Essentials for Beginners | Udemy | Certificate — Aug' 25
- Indexing Design in MongoDB | Certificate — Jun' 25
- Java (Basics) | Iamneo | Certificate — May' 25
- DSA with C | CSE Pathshala | Certificate — Mar' 24

ACHIEVEMENTS

- Solved 130+ DSA Problems on Geeks for Geeks.
- 150+ Leet Code problems solved, improving coding fundamentals.

EDUCATION

- **Lovely Professional University** — Phagwara, Punjab
  Bachelor of Technology - Computer Science and Engineering; CGPA: 7.5 — Aug' 23 - Present
- **Indraprastha Public School** — Morna, UP
  Intermediate(PCM); Percentage: 65% — Apr' 21 – Mar'22
- **Indraprastha Public School** — Morna, UP
  Matriculation; Percentage: 74% — Apr' 20 – Mar'21
